JTC-EU-Networking Conference

28th April, Halle (Saale), hybrid

With our EU-wide and international academic JTC-EU-Networking Conference, we offer researchers and cooperation partners from different disciplines both: The integration into an existing network and the networking of academic communities as a basis for long-term cooperation on social, environmental, technological, and economic issues in Just Transition regions.

The conference will take place in a hybrid manner in Halle (Saale) with the option to participate online.

Preliminary Programme:
