

Call for Participation

3rd Open Source Hardware Conference

23.09. - 24.09.2026 Halle (Saale)

The Open Source Hardware Conference is coming to Halle (Saale)! Join us for an insightful program with presentations of the latest OSH research and community developments, workshops, discussion panels and a show-and-tell area designed for networking opportunities! Sounds great? Contribute your ideas!

Share your perspective!

Do you work with open source, open source hardware, or related topics? Share your ideas and experiences! We look forward to your contribution!

- Paper + Presentation (15 minutes)
- Presentations (15 - 20 minutes)
- Discussions
- Bring your work for the Show-and-Tell-Area
- Workshops/Problemsolvings/Thinkathons
- Other interactive and creative formats

We are looking for creative and practical contributions. Also including those with a critical view on OSH!
